Group/Team _____

For any group/team to have access to banking privileges through the school booster club, the group/team must have 50% + 1 membership in our organization. Coaches/Advisors wishing to utilize this service are encouraged to have their team/group join for this reason. Banking through the booster club takes less time and is much less restrictive on how monies can be utilized.

If you are already a member of PRIDE Booster Club, your group requirement is already fulfilled (merely mark the box below). The Group Membership **does not** carry any of the benefits that accompany the other PRIDE membership options (for a list and description of the other options available, please see the attached forms or visit our website).

I am already a PRIDE member this school year
